It makes me so happy to see journalists and former journalists on Twitter. Where once they pretended to be neutral, and were offended if someone called them biased, now their bias can be seen by all. And Dan Rather, btw, takes the cake when it comes to biased journalism.

I do. And is why Joe Biden was such a fan of the fascist FDR.. Congress has to even pass a bill against him; The Judicial Procedures Reform Bill of 1937.. And if (God Forbid) Biden gets in he'll try it again- and call for the 70 yr age limit (Alito, and Thomas would be OUT).

Another great training day with the 5 of guys from Georgia. Just finishing off our PUNT/GOLF competition between the 66 yr old fart (who invented PUNT/GOLF -me) and top 10 ranked punter in the Country Garrison Rippa. Want to guess who won? See Garrison's RT for the answer!!!

Great one on one training with NFLFA Giovanni Lugo! He is one of those guys who truly deserves a shot at the NFL. Big time KO' drills and hang time. Gotta see! This one 4.22 73 yarder

Obviously the word LID comes from the FBI.. Ya know since Comey, Strozk, and now WRAY and the folks in the FBI have put a LID on doing anything about the Biden Crime/Pedo Family. Maybe they should just move from the 7th floor to the "Basement" to have the full FBI LID effect.

Awesome night with 2021 Punter Cody Bray and hit some great punts in a tough OT loss including a 56 yarder that should have been downed inside the 5! Too bad the “gunner” decided he did not want to hustle down the field to get it before heading into the End Zone

I did some math that I think is important when it comes to looking at Florida's early voting data.

> **Polling Data Central** @po nganalys s
> Some are arguing that in Florida right now, the democrats only have a 300,000 vote lead over R's when vote-by-mail and in-person voting are added together, a lead that republicans will make up on Election Day, when voters are expected to break more for Trump. Here's the problem:

Quick question. Is it just the DEM CITIES AND STATES that are cheating and all of a sudden ballot machines are not working? But no worries the DEMS at the polling places said to just leave the ballots and they will "scan them in". Sure.

Ya know how I can tell voter fraud by the Dems is in their DNA? All one needs 2 do is look at EVERY dem politician who is now (and in the past) Tweeting “every vote should B counted”. They don’t actually mean every LEGAL vote just the votes they want counted. R’s don’t do this!

Tucker needs to put on his big boy pants and leave. The Ad $$$ Fox is getting from his show alone is HUGE- and if he would just move to his own podcast he would make some serious cash. I love him as well- but as long as you watch Fox enjoys the $$$. we need to BURY Fox

It's not a "glitch" if only one side was changed. It was a design program done by a software developer and the rest of the technical and functional "team" members and no doubt the "implementation partner" (probably a company with deep pockets into the DNC). This will come out.

Cobb County Elections released a statement yesterday detailing the contents of what was shredded at Jim Miller Park on the morning of November 20th, 2020.

Unfortunately as a result of the pickup of these materials we have been placed in the middle of a situation that we have no desire to be in for simply doing our job. Since that time, through rumor innuendo and conjecture this situation has circulated on social media unfairly casting A1 and its employees in a bad light

We want the public to know this We are an American owned business who prides itself on integrity service and hard work We believe strongly in the democratic process and feel Georgians and all Americans deserve to have confidence in the election process. We have contacted the Georgia Secretary of State's Division of Elections to discuss this matter as well as the FBI for assistance in determining the appropriate path moving forward

Do you have a statewide DOAS contract for Shredding Services? And if so and since this was not a Cobb County election you should have been using the State DOAS CONTRACT(if in fact you have one). But looks like you are now hiding behind Cobb County and the FBI.

Quick question. So some "judges" believe unsigned absentee ballot (PA) is open to interpretation as to should it be have been ok to NOT sign it and let it go? Sure. Now try and do that on your drivers license application/renewal or passport. I am sure the DMV will B OK with that

The certificates are filed making them official. certification of the votes establishes Biden s win in the general elections. The president and Vice President do not determine who won the election, objections can be filed at the joint session on Jan 6th

I don't care that Jill Biden has a doctorate of education. Good for her. What I care about is her husband Joe Biden threatening to close charter schools, abolish school choice & caving to radical leftist teachers unions. That's dangerous to kids' education & a EdD should know it.

We now know the MI Forensic DOMINION software case had an ERROR Rate of around 68% and NOT the 0.0008% the FEC allows, why are we voting again here in GA 4 the Runoff? Why R we not demanding the same audit here? Especially since these experts have said DOMINION is CORRUPT?

NEWS RELEASE

COMMISSIONERS LIZ HAUSMANN, LEE MORRIS AND BOB ELLIS ISSUE JOINT STATEMENT REGARDING TERMINATION OF POLL WORKERS

FULTON COUNTY

For Immediate Release
December 21 2020

We are deeply disturbed by the decision of the Director of Registration & Elections to terminate the services of poll workers who provided testimony at recent state hearings regarding their experiences as Fulton County poll workers in the recent 2020 General Election.

The timing of their terminations is highly suspect and creates a distinct impression of retaliatory treatment. As Fulton County Commissioners, we jointly urge the Board of Elections to fully investigate the actions of Director Richard Barron and his staff that were involved in these decisions and to take action as appropriate.

The integrity and transparency are of utmost importance in Fulton County Elections. We will continue to support the efforts of the Department to provide results in which voter confidence and trust is assured.

$300 per week in supplemental unemployment benefits.

$600 in direct payments to most Americans.

No, murdering people is not ok with me. Please don't put words in my mouth. Also, attacking the Congress offices and breaking its windows is not an appropriate form of protest. This applies to both BLM leftists and MAGA right wingers

Here's Ashli Babbitt, the unarmed young woman shot and killed today, presumably by police during a protest at the Capitol. She's an Air Force veteran with 14 years service from San Diego.

This is who @ewerickson wanted shot today. He got his wish. Happy now, Erick?

you should call the GM Rob Babin at WSB here in Atlanta where this POS Erickson works on the radio. The number is 404-897-7500. The GM is hiding behind his "admin" but you should still leave a vm. I plan on calling every day- and hope I can get on the air when this clown is on!

Congress should not be allowed to conduct the business of The American People in the middle of night.

They should have normal working hours like most people do versus doing their work while America sleeps.

One of the men who was part of the siege of the Capitol building is John Earle Sullivan, an extreme BLM activist from Utah. He was arrested & charged in July 2020 over a BLM-antifa riot where drivers in Provo were threatened & one was shot. deseret.com/utah/2020/7/10
